About Phoenix Design Week

Phoenix Design Week (PHXDW) was conceived as a grassroots call-to-action in 2009 and has grown into a week-long celebration of design organized by AIGA Arizona to unite our state's design community and provide a forum for sharing best practices, showcasing exceptional work, and gaining inspiration.

The main event during Phoenix Design Week is the PHXDW Conference, now in its sixteenth year. This two-day industry conference is the place where designers, illustrators, writers, UI/UX designers, content managers, marketing professionals, and people who work with them gather to learn and get inspired.

This signature event has become a highly anticipated fixture of Arizona's design landscape, with a design week that is admired and emulated among other AIGA chapters nationwide.

Where does my sponsorship contribution go?

Phoenix Design Week has always been a grassroots community-building event. Keeping ticket prices affordable and accessible in comparison to equivalent national conferences is a priority. Even though our team is entirely volunteer-led, the income from ticket sales alone only pays for part of the event expenses. Your sponsorship support helps us deliver a memorable conference experience and is directed toward conference center facilities, AV, hospitality, speaker travel expenses, catering, materials, security, and refreshments.
